Single Parent Coordinator
Email: singleparents@multiplesofamerica.org

Multiples of America also known as National Organization of Mothers of Twins Clubs, Inc. is a support group for parents of multiples, and is a national network of local clubs whose basic purposes are research, education and support of multiple birth children and their families.

Multiples of America Resources for Single Parents
Within Multiples of America’s member clubs, an increasing number of individuals are single parents of multiples. These parents, however, remain a minority within most local clubs. Understanding that raising children without a partner is a difficult task, Multiples of America offers a nationwide, inter-club support opportunity for single parents.

The Single Parent Services Program
This program is based upon the concept that interaction with other single parents about common concerns can be helpful and supportive. Multiples of America offers several opportunities for mutual support.

The Single Parent Coordinator provides information regarding issues surrounding raising children without a partner. The Single Parent Coordinator monitors, responds, and shares information on Multiple of America’s Single Parents Facebook Page, which is designed for parents to communicate with other parents who are experiencing similar issues. It is a place to share experiences, seek advice, and find support in one another. For further information, visit https://www.facebook.com/NOMOTC?fref=ts or contact the Multiples of America’s Single Parent Coordinator at: Singleparents@multiplesofamerica.org.
